Marion Hosts Buzzards Bay Regatta

There's still time to register for the 28th Annual Buzzards Bay Regatta (BBR) and catch some of the Buzzards Bay's famous "Big Wind ... Great Racing." This year's regatta, hosted by the Beverly Yacht Club of Marion, takes place on August 4, 5 and 6.

New for 2000 is The Millennium Bowl — a beautiful engraved 12-inch silver bowl made and donated by the nationally-famous silversmiths Reed and Barton from Taunton, MA. This Perpetual Trophy will go to the Yacht Club of the winning team. Teams will be comprised of one three-boat team from any US sailing yacht club. Boats do not need to be in the same class to enter and can create their teams before or at the regatta when they register. Keeper Trophies will be awarded to individual skippers. The combined lowest total scores from their respective fleet races during the regatta wins the bragging rights as well.

Other awards will include the Buzzards Bay Award for Best All-Around; First Place Daily Best in Class for all fleets; as well as Overall Series Prizes for all One-Design, Handicapped, and Multihull Classes.

Find all the official BBR 2000 details in the Notice of Race on the website at www.buzzardsbayregatta.com. This is the first year the BBR offers skippers online registration. Or racers can call (508) 748-2700 of fax (508) 748-1377 to request a registration package.

The other sponsoring clubs of The Buzzards Bay Regatta 2000 include these fine sailing organizations: New Bedford Yacht Club, Angelica Yacht Club, Low Tide Yacht Club, and Wild Harbor Yacht Club. For more information, please contact Wendy Cullum at (508) 748-9972.

"Wood, Wind and Water"

Marion Duo Documents Nantucket Race

Marion residents Anne Converse, a documentary photographer, and Carolyn "Camie" Ford, writer and videographer, started work in 1996 on a pictorial essay titled *Wood, Wind and Water: A Story of the Opera Cup Race of Nantucket.* This race features classic wooden yachts from up and down the Eastern Seaboard.

In researching the book, Anne and Camie's travels took them to Antigua where, in April of 1999, they interviewed yacht owners, yacht designers and builders who had taken their boats south for the winter. The interviews were recorded on videotape and became the first of many hours videotaped in Antigua; Newport; Rockport, ME; Marion; and Fairhaven, MA. The result is a 54-minute documentary about wooden yacht restoration and racing titled *Wood, Wind and Water.*

The video is being featured as a "Work in Progress" at the Woods Hole Film Festival which runs from July 29 to August 5 in Woods Hole, MA. *Wood, Wind and Water* has been chosen for discussion at the festival in a class titled "Directing a Scene" sponsored by the Boston Film and Video Foundation (BFVF) in Boston. It was viewed for discussion in a class called "The Documentary Experience" which they enrolled in this summer at the BFVF.

Anne and Camie will also be part of a panel discussion in conjunction with the Festival that will be aired on local cable stations. Their next project is a feature-length documentary on wooden yacht restoration and racing. For more information on The Woods Hole Film Festival, contact their website at www.woodshole.com.

Marion Selectmen's Meeting

July 25, 2000

By Kenneth J. Souza

A regular meeting of the Marion Board of Selectmen was called to order on Tuesday, July 25 at 7:00 pm by Chairman Albert E. Winters. Also present were Selectman Loretta B. Schaefer, Selectman Jonathan "Jody" Dickerson, Town Administrator Ray Pickles, and Secretary Helene Craver.

After approving the minutes of the July 11 meeting and signing the treasury and payroll warrants for the week, the board approved several requests for Liquor License permits for various functions at the Marion Social Club and VFW.

Under incoming correspondence for the week, the board noted receipt of a letter from Planning Board Chairman William Koss regarding traffic control at the intersection of Route 6 and Spring Street with the pending addition of a Dunkin' Donuts and Plymouth Savings Bank near the location. "The intersection of Spring Street with Route 6 is one of the most dangerous intersections in

town," wrote Mr. Koss. "Police Chief (Lincoln) Miller has shown that the greatest percentages of traffic accidents that occur in town happen along this stretch of road."

Mr. Koss requested that a traffic study be conducted by the state to determine how the traffic flow should be handled with the proposed construction.

"I think it would be worthwhile to have the state come down and look at the intersection," agreed Selectman Schaefer. "It is a dangerous area ... and it's only going to become more so."

"Besides the traffic study, we should ask the state to make specific recommendations for the street (with the new construction)," Mr. Pickles said.

Resident Pal S. Kohout of Spring Street submitted a petition signed by 24 residents who oppose the commercial usage of the residentially-zoned Spring Street by Dunkin' Donuts and Plymouth Savings Bank for drive-through traffic. "The Dunkin' Donuts and bank businesses will have complete access to Route 6 (Wareham Road)," the petition read. "There is no need to disrupt the lives and property values of a traditionally

residential street."

Likewise, resident Sarah J. Madison wrote a letter opposing the proposed drive-through layout. "I oppose the Dunkin' Donuts/Plymouth Savings Bank proposal to cut a road through to Spring Street," Ms. Madison wrote. "This area is residential; Marion needs to keep commercial traffic on Route 6."

Harbormaster Charles Bradley sent a memo to the board advising that they completed the installation of portable waste systems on Island Wharf adjacent to the rubbish disposal site. Mr. Bradley encourages more boaters to use the facility and eliminate overboard discharges of waste. "Overboard disposal is a violation of various local, state and federal laws," Mr. Bradley wrote. "This summer, we have received reports that such discharges have been observed. With the pumpout boat and this new facility, there is no need for overboard discharges."

State Representative William Straus sent the board a letter informing them that aspects of the Community Preservation Act which has now passed the legislature and is awaiting action by the Governor require

that a portion of the money allocated be spent on affordable housing and historic preservation in addition to acquiring open space. "The existing Marion bill only provides for open space purchases so that access to the state grant program under section 10 would, I believe, require some local approval to adopt the new bill's provisions," he wrote.

Mr. Pickles said he'd pass this information along to the Land Acquisition Committee and Housing Committee for their input. "We would have to do (make changes) to be eligible for state grants," Mr. Pickles said.

At 7:10 pm the board opened an underground conduit/cable installation hearing upon a request from Com/Electric for the intersection of Vine and Water Streets. Resident Gary Grainger said the new service is to replace the existing service outside his home which no longer meets their needs. "We put in a number of efficient (electric) heaters and ... we're taxing the transformer in the street," Mr. Grainger said. "Every time the heaters turn on, there's a surge in the line. Com/Electric proposed to put in a new transformer and cables in front of my property ... we need better service from them."

There being no one present to object to the installation, the board unanimously approved the request as submitted.

Under Selectmen's discussion items, Selectman Schaefer wanted to review the town's policy and fees for renting out town-owned facilities such as the Music Hall and other municipal buildings. "I think we need to meet with the DPW and Police Chief regarding the use of facilities and the costs for (safety) and cleanup," Selectman Schaefer said. "We also had a stipulation that 'for profit' organizations cannot use town facilities ... I

think we should revisit that."

"Originally, we conceived that these facilities were to be used by residents and non-profit groups," Mr. Pickles said. "But we've had requests from other groups. Some events, like the Wine and Arts Festival, require additional cleanup time and costs."

"I think we are supporting certain organizations by providing the facilities," Chairman Winters said. "We shouldn't have to cleanup after them."

"I don't think we should be (renting facilities out) to make money," Selectman Dickerson added. "We should just recoup our expenses."

The board agreed to discuss this matter further at their next meeting when representatives from the DPW and Police Department could be present.

At 7:35 pm the board voted to go into Executive Session to discuss contract negotiations with the town's clerical union. They would thereafter adjourn for the evening. Their next scheduled meeting will be held on Tuesday, August 8.

$17,152.63 invoice from Town Counsels Perry, Hicks, Crotty and Deshaies pending clarification on a couple of line items contained on the itemized bill.

Under the Town Administrator's report, Mr. Huntoon noted that they were "in the process of finalizing the contract for the Town Highway Barn building project ... hopefully by the first of December."

Chairman Parker then noted the following items of incoming correspondence for the week:

• Letter from resident Kay Gayoski suggesting a stop sign be placed at the intersection of Alley and Sarah Sherman Roads. "My daughter, granddaughter, and great granddaughter were nearly killed there yesterday coming up Sarah Sherman Road toward the stop sign on Alley Road," she wrote. Chairman Parker noted the letter has also been forwarded to Safety Officer William Chamberlain for his consideration and input.

• Letter from resident Jonathan Philbrook expressing concern that his wife, Ruth, was involved in a near-accident with Rochester Police Sergeant Pam Canney while she was driving a cruiser in an attempt to pursue an "erratic driver." The board asked for a report from Police Chief Walter Denham on this matter before following up on Mr. Philbrook's complaint.

• Notice that the recent Rodman Ride for Kids raised $1,250,000 this year. The ride organizers thanked the Town of Rochester for allowing them to travel through the town during the event.

The board also discussed:

• Establishment of Cell Tower Siting Committee — the board agreed to place this matter on next week's agenda for further discussion.

• The board also agreed to hold the pending appointment of Suzanne Szyndlar as part-time Accountant/Clerk until they had a chance to meet with

There being no further matters to come before the board, they unanimously voted to recess at 7:11 pm to attend the Special Town Meeting slated for 7:30 pm.

A Special Town Meeting for the Town of Rochester was called to order on Monday, July 24 at 7:30 pm in the cafetorium of Memorial School by Town Moderator Greenwood Hartley having noted the presence of a quorum. An estimated 80 voters were present to consider four proposed articles on the Special Town Meeting warrant.

Under ARTICLE 1, voters were asked to approve and accept the provisions of Chapter 127 of the Acts of 1999 to allocate $74,222.51 in Chapter 90 money for the repairs to the town's roads and public ways as previously approved by the state. Finance Committee (FinCom) Chairman Michael Costa noted that this money has already been included in the state budget, they just required a vote of Town Meeting to allocate the funds.

With that, ARTICLE 1 passed unanimously.

Under ARTICLE 2, voters were asked to approve an additional $885,000 to the already-allocated $1.050 million for the design, construction, equipping, furnishing, and landscaping of the police/ communications department building on town-owned land on Dexter Lane.

FinCom Chairman Costa noted that a transfer of $485,000 would be taken from the Stabilization Fund, and the $400,000 balance would be borrowed with the

approval of Town Meeting voters.

"Some of these capital projects have been getting a little confusing," admitted Selectman Cutler. "The Board of Selectmen has decided that we're going to hold off, or at least move slowly on the Town Hall renovations. Since we had a presentation last time on the Town Hall, is there any interest in seeing the floor plans on the Police/Communications Building?"

Several voters agreed they would like to see the latest plans for the Police/Communications Building on Dexter Lane. Joseph Booth of Dyer, Brown Architects gave a brief presentation on the scaled down version of the project and explained why the additional funding was needed at this time.

"The program that we were originally given contained a lot more space," Mr. Booth said. "We did eliminate several areas that were called for in the original master plan. There are layers of security built into this facility, so areas occupied by patrolmen and workers will be secure at all times of day and night. Several things had to be designed into it to allow the facility to run on a 24-hour basis. We have tried to use the land at Dexter Lane as efficiently as possible."

Resident Patty Benner wanted to know, then, what had been "eliminated" to make up for the shortfall in funding.

"We looked at the historical records of the Police Department, we found that two interviews rooms were probably not necessary," Mr. Booth said. "The other aspect was in the holding area ... the program originally called for juvenile holding cells. But we determined that wasn't necessary for this facility."

When residents asked why the total cost was nearly doubled last year's initial estimates, Mr. Booth admitted that the thriving economy had much to do with it — contractors are busy, so they're not as hungry to take on new projects.

"We looked very closely at the cost of this facility," Mr. Booth said. "We were quite surprised when the sub-bids came in ... we had a sub-bid that came in almost three times the estimated amount. We cannot reject any submitted bids ... we can only go with the prices that were received on the day of (bid) opening. Under state

law, we cannot throw any bids out."

"I can state from personal experience that costs are through the roof," said Selectman Cutler. "One of the things that Joe Booth did not mention, through the bidding process we received only five contractors' bids. The bids are all reasonably close. That indicates that the economy is very good ... I am not a fan of the prevailing wage system, but we're stuck with it. As much as I dislike what we have, I'm afraid this is what we've got. If we want a police station in the near future, I don't see any way around the state bidding process. We can't just scrap the project."

Selectman Cutler noted that redesigning the facility would cost $80,000 and they've already spent $100,000 on design plans thus far.

"We were one of the general contractors which bid on this project," said resident Gary Laboa. "I can tell you that if you wait six months or a year, the cost is not going to come down substantially. The only way it's going to come down is to reduce the scope of the project — either downsize or start eliminating features, which I don't think you can do at this point."

After a vote to "move the question," the article was passed by the required 2/3 majority vote — 60 in favor to 19 opposed.

Under the similar ARTICLES 3 and 4, voters were asked to amend the town's Protective By-Laws to establish a six-month moratorium on the siting of Telecommunication Towers (Cellular Towers) within the town limits until such time that regulatory by-laws may be researched and put in place to control future siting of these structures. Article 3 contained a grandfathering clause pertaining to those who already have applications for telecommunication towers in, thereby allowing them to move forward, and Article 4 does not, placing an across-the-board six-month moratorium on all

telecommunication tower applications.

Planning Board member Chris Byron read a prepared statement to the Town Meeting advising that his board had voted 4 in favor and 2 against the Cell Tower Moratorium with protection (Article 3) and 3 in favor and 3 against the same moratorium without protection (Article 4). "Therefore, this article was *not* recommended for the Special Town Meeting," Mr. Byron read.

Cellular Tower Siting Committee member Patty Benner also noted that Article 3 was not recommended by her committee ... they, however, did endorse and support Article 4 as proposed.

"If we allow applications which are grandfathered, we may be stuck with something we don't want," she said.

After much discussion and debate, the sense of Town Meeting was that the Cell Tower Siting Committee needed more time to analyze the potential impact of locating telecommunication towers within the town limits and, therefore, a temporary six-month moratorium would be beneficial to allow them to draft regulatory by-laws

regarding their placement in Rochester.

"We need this to ensure the work which has already been done," said Cell Tower Siting Committee member Arnold Johnson. "It's my personal opinion that it's time the town starts listening to the townspeople and see what we can do."

"I think a six-month moratorium that effects everyone equally is a fair thing to do," echoed resident Susan Peterson. "I recommend no on Article 3 and yes on Article 4."

After "moving the question," ARTICLE 3 failed by majority vote and voters went on to readily support ARTICLE 4, placing an across-the-board six-month moratorium on telecommunication towers within Rochester with a 60 to 2 vote.

There being no further articles to consider, Town Meeting voters unanimously voted to adjourn for the evening at 8:40 pm.

Funding for Mattapoisett River

State Representative William Straus (D-Mattapoisett) announced recently that the House and Senate reached an agreement on a $21.5 billion state budget plan that includes $75,000 in matching funds for the Mattapoisett River Valley Authority's water supply protection program as well as funding for the construction of a boat ramp in Mattapoisett.

In 1998, the legislature authorized the Authority to raise funds by water bill assessments to fund land purchases for protection of drinking water supplies. The contributing towns are Marion, Mattapoisett, Fairhaven, and Rochester.

"Because these towns willingly tax themselves for the program, I thought it was time for the State to further support these efforts with a matching grant for the water supply protection fund," said Representative Straus. "This money will help purchased open space land within the Mattapoisett River Basin, the main water supply for the towns supported by the Mattapoisett River Valley Authority."

was originally funded in last year's budget, but due to timing issues, the Public Access Board missed the construction season. The project is scheduled for the fall of 2000, after the hurricane season is over.

"This project is important in that the Town Ramp is important for local voters and critical to public safety in times of major storms," Representative Straus said. "The new design, done in conjunction with the town, will mean a substantial improvement to the harbor."

The House and Senate approved the budget this week and then sent it to the Governor for his approval. The Governor has ten days to veto individual budget items before the new appropriations become final.

Library Networks Merge

The libraries in Marion, Mattapoisett and Rochester are very pleased to announce that as of July 1, their library network, SEAL (Southeastern Automated Libraries) has officially merged with the ABLE (Automated Bristol Library Exchange) network, creating what will henceforth be known as the SAILS library network.

Library patrons in the three towns will see many immediate benefits as the databases of the two networks merge. Some of these exciting changes will include:

- Instant online access to over 2.5 million books and other holdings in 63 area libraries;
- Service at each of those 63 libraries, including Bristol Community College and Mass Maritime Academy. (If you're from Marion, for example, you may now take out books from the Swansea or Middleboro Libraries if you're visiting those towns);
- Access to the Internet in every library;
- The ability to search for and reserve books from your home computer, using your favorite web browser.

Following this merger, beginning in September,

all SAILS libraries will be implementing an all-new online database management and library operating system called "Unicorn," developed by the SIRSI Corporation for libraries across the nation. This new operating system means even further exciting benefits for library patrons, as well as for library staffs. A few of them are:

• All computer terminals in the libraries will now be graphical-based PCs (including computers reserved for the new and vastly-expanded library catalogue, WebCat);

• Patrons will be able to renew books from their home computers;

• Whole families will be registered quicker than ever;

• Family library records can now be viewed with one simple search (so that, for example, a parent can see immediately which child has an overdue book);

• Much easier ways to search for a book, even if you don't know its title, author, or subject heading;

• The ability to mark titles to capture them into a formatted bibliography, which you can then print, save to a disk, or e-mail home for future reference;

• Find databases and additional web resources quickly and easily through WebCat, the new online catalogue.

As the SAILS merger goes into effect, the Unicorn replaces the current operating system between now and September 30, and patrons must have their library cards with them when they come to check out a book or other material without showing his/her library card.

All library staffs are now taking training courses and learning how to use the new operating system, Unicorn. By September, when the system is up and running, patrons will see significant improvements in the already-wonderful service being provided by their librarians and staff.

Library staff members want to make this transition as easy as possible for patrons, and they will be available for assistance on using the new online library catalog as well as other new features of Unicorn.

Old Tyme Auction

An Old Tyme Country Auction will be held at the Mattapoisett Congregational Church, 27 Church Street, on August 5. Mr. Duncan Gray of Compass Rose Auction Company will open the auction at 9:00 am.

Items for the Olde Tyme Country Auction are arriving daily. Recent donations include sterling silver, a hope chest (cedar-lined), chairs, a bookcase, a beach umbrella, a sewing machine, jewelry. Do you collect yard sticks? There'll be some at the auction as well as an old school desk (with inkwell) and chair, ice cream soda parlor chairs, a cranberry scoop, a five-bulb like-new light fixture, a guitar and inevitable Christmas tree stand.

The auction will be held on Saturday, August 5 in the Parish Hall of the Mattapoisett Congregational Church from 9:00 am to 1:00 pm. Added features are a bake sale and snack bar. Donations may be left in the church Parish Hall Tuesday to Friday, 9:00 am to 12:00 noon. Please call 758-3744 for further details.

Animal Advice

Jay Gould, DVM

TRAINING YOUR PUPPY

My puppy is 3 months old and still poops in the house. What can I do?

Use a crate. Puppies come to think of a crate as their own room, not a prison. The puppy goes into the crate last thing at night after being walked and is taken outside the first thing in the morning. After each meal the pup goes outside to the same spot with adult supervision and receives praise after elimination. The pup should stay in his crate during the day when he is not interacting with family members. He should go outside every 30-60 minutes when he is free in the house. Most dogs are housebroken by 6 months.

When can I start teaching him tricks?

Start immediately! Have short training sessions of 1-2 minutes, 10-30 times daily. Start with "come, sit, stay" and then add other tricks as you desire. Heal is important with a large breed pup. If the dog walks ahead of you on a leash, turn around and start walking in the opposite direction. Praise the pup constantly when he/she is walking without pulling.

Marion Community Dance

"A resounding success" was how one committee member described the first summer dance sponsored by the Marion Community Dance Committee. Dancers came from Marion, Mattapoisett, Rochester, Wareham, and as far away as Bristol, RI. The second of three community dances will be held on Friday, July 28 from 7:00 to 11:30 pm at the Marion Music Hall, 164 Front Street in Marion.

Join with friends, family and neighbors to enjoy your favorite dance. Shirley L'Italien will begin the evening with a half-hour of Latin dance instruction. Live music will again be provided by the Meadow Larks and a cash bar by Spirits.

Due to the overwhelming response to the first dance, ticket sales will be limited to 150. Tickets priced at $8 per person may be purchased at The Bookstall in Marion, the Marion General Store, Spirits, and the Sitting Duck, or from the Marion Community Dance Committee members: Julie Race, Liz Robertson, Chris Hingston, Marjory Robinson, Tippy Makepeace, Bobby Fuller, Dody Verville, Jane-Lee Betts, Ruah Purtell, Barbara DaSilva, or Debbie Bush.

1979 and 1986.

Why not start today to enter a float or other exhibition in this parade and help make it a parade to be remembered? It is best to have a parade theme, so a suggestion of "Progress from 1900 to 2000" has been made. Picture for a moment a float with a youngster sitting at a desk with a large encyclopedia with paper and pencil doing research in the early 1900s and then another youngster sitting at a computer doing his or her research.

There are other unlimited ideas for a float. Examples include bathing suits for women in early 1900 and bikini clad suits of the 2000s, or two kids communicating with two tin cans and a piece of kite string and today two kids communicating with cell phones, or a parade of antique cars from 1900 up to this year's model. We are sure you can come up with more splendid ideas. Start today, because it takes time to put together an award-winning float. In addition to ribbons in all categories there will be cash prizes for the best of theme.

Parade participation is not limited to Rochester individuals or organizations but is open to all surrounding towns. For further information please contact Arthur Westgate (763-2486) or Harry A. Brown (763-5619), or members of any of the participating Rochester organizations.

Septic Loan Program

The Mattapoisett Board of Health would like to inform residents of the Homeowner Septic Loan Program which is designed to assist homeowners and condominium associations, repair or replace septic systems which fail to meet the Commonwealth's Title V requirements. The program can also be used to hook up to public sewer when existing septic systems do not meet Title V requirements. This program is a combined effort of the Department of Environmental Protection, the Massachusetts Department of Revenue, Massachusetts Housing Finance Agency (MHFA), and the Mattapoisett Board of Health.

These loans are available to homeowners at interest rates of 0 percent, 3 percent, and 5 percent, depending on income, for loans ranging in size from a minimum of $1,000 to a maximum of $25,000. Qualified homeowners across the Commonwealth can access this low-interest rate loan program. Homeowners can stop by the Board of Health office to pick up the information, or it can be mailed to them by calling 758-4112. Please ask for Millie Mello or Dale Barrows.

Home Rehabilitation Loans

Low-interest home rehabilitation loans of up to $25,000 are now available to home owners in Bourne (Buzzards Bay), Marion and Rochester who meet the income criteria in a new state-sponsored pilot program offered through the Wareham Community Development Authority and Department.

"This is a wonderful opportunity for local home owners to fix up their homes before winters," said Gus Yankopoulos, Director of Wareham's Community Development Department. "The interest rates are only five percent, and home owners may choose from several repayment schedules."

According to Mr. Yankopoulos, home owners may use their loans to pay for a wide range of improvements, such as upgrades to plumbing, heating and wiring, carpentry, lead paint removal, installation of insulation and storm windows, and caulking. Community Development staff members will assist home owners in applying for the loan, choosing and paying a contractor of choice, and finding additional home-related programs for which they may qualify.

The Department is administering the year-long initiative, one of two pilot programs in the state funded by the Massachusetts Department of Housing and Community Development. For more information, please call the Wareham Community Development Department at 295-9344 and ask for "housing assistance."

Movie Review

The Haunting

BY ROB GONSALVES
http://robsreviews.cjb.net

What Lies Beneath. **Starring Harrison Ford and Michelle Pfeiffer. Directed by Robert Zemeckis. Running time: 130 minutes. MPAA rating: PG-13. At Cinema 12 at the North Dartmouth Mall and Flagship Cinemas in New Bedford.**

The ghost haunting *What Lies Beneath* is not murder most foul, but the shadow of Hitchcock. I would say the *spirit* of Hitchcock, but the spirit of Hitchcock is playfully diabolical; Brian De Palma gleefully ripped off Hitch, and his glee was truer to the master than any of the bits of style he swiped. The director of *What Lies Beneath,* unfortunately, is Robert Zemeckis, who may have had the sense of humor beaten out of him after his much-underrated comedy *Death Becomes Her.* Zemeckis reproduces Hitchcock, but at a crawl that makes even the leisurely paced Hitch seem brisk; it's like watching *High Anxiety* played straight and at the wrong speed. If this is the spirit of Hitchcock, it's a very spiritless spirit.

I always feel the need to say that Zemeckis is still one of the top directors out there. *What Lies Beneath* is immaculately and handsomely assembled, as was his *Contact,* and the Oscar-eating *Forrest Gump* before that. Perhaps he's simply going through a similar rut to the one his friend Steven Spielberg went through pre-*Schindler's List* — giving his all to scripts that don't give much back. This one, by Clark Gregg, paints by the numbers so ineptly that the result is a chaotic smear on a canvas. Zemeckis' work here is like a painstaking photo of that bad painting. If he wanted to do a suspense thriller, he should've held out for a better one.

In what seems less like a plausible marriage than a studio decision, Harrison Ford and Michelle Pfeiffer — he a scientist, she a former cellist — go through the motions of love for a few early scenes. As if anticipating how little chemistry Ford and Pfeiffer have together, Gregg's script keeps them apart for most of the film. Alone in their Martha-Stewart-worthy Vermont lakeside home, Pfeiffer has lots of time to hear strange noises and glimpse odd sights. A door opens by itself; a tub fills up by itself. Trouble is, Zemeckis repeats these omens at least three times each, risking such snarky audience comments as "Yep, there's the tub again."

Pfeiffer fears that the ghostly manifestations have to do with a quarreling couple next door; she suspects that the husband killed his wife and that her ghost is trying to contact Pfeiffer. Those who've seen the trailer for *What Lies Beneath* know differently, but they don't know the whole story. I'll say only that Harrison Ford, for the most part giving the latest in his recent string of somnambulistic performances, must have been sold on the script on the power of its climax, because for most of the movie he's little more than a high-priced supporting actor. It's Pfeiffer's movie, and though I dislike how she wins our sympathy by making us feel protective of her fragile heroine — I prefer her stronger and gutsier — she wins it anyway, creating a believably haunted woman. Too bad the script isn't worth her effort.

Almost a year ago, I saw and liked *The Sixth Sense,* and grew to love it over repeated viewings; that was the sort of thriller that gains substance in your memory and creates the nagging but warm feeling of not only needing to see it again, but *wanting* to. It wasn't a supernatural gimmick or a surprise ending that gave the movie great word of mouth and attracted viewers back for more; it was its human heart, the gentle rapport between the boy and his psychiatrist or his mother.

What Lies Beneath has about ten times as many "Boo!" scenes as *The Sixth Sense,* but isn't a tenth as haunting or as touching. It's just gimmick all the way, and that extends to the ending, which toys with the audience's star-power expectations in a way that feels thoroughly artificial. There's a good, nail-biting sequence in a tub (yep, there's the tub again), but the events leading to it and following it are borderline laughable, without the heedless joy that distinguished, say, De Palma's thrillers or Kenneth Branagh's lovably overwrought *Dead Again.* Ridiculous thriller moments that don't invite you to giggle along with the director are in deep trouble. And I keep flashing back to Zemeckis' drawn-out staging of the "Boo!" scenes, as if he were determined to prolong the suspense so much that the audience would squirm out of its seats. Squirm they will, but maybe for other reasons.

UNPROFITABLE IMPROVEMENTS

Once you own your home, and it's in basically good condition, consider making improvements to it which will add profit to its value. This is known as building-in inflation to your home's market value.

For example, if you add a new bedroom to your home for $10,000 and it will increase the home's value by $20,000, you've made a profitable improvement. However, if your $10,000 cost adds only $10,000 of value or less, you've made an unprofitable improvement.

The list of profitable improvements, meaning they add more market value than they cost, include (1) kitchen renovation, (2) bathroom renovation, (3) room aditions, (4) landscaping, (5) new floors and carpets, and (the most profitable improvemnt of all (6) new paint.

Unprofitable improvements which usually add no market value to a home include (1) new roof, (2) new wiring, (3) new plumbing, and (4) converting a garage to a family room. Surprisingly, swimming pools and hot tubs usually don't add more to the home's market value than their cost.

This Week's Horoscope

by Linda Black

Aries (March 21-April 19). Love and money clash. Avoid getting into an argument about money with your sweetheart, if possible.

Taurus (April 20-May 20). Figure out how to do what you want to do. You'll run into opposition from a stubborn person, but a compromise is possible. You're smart.

Gemini (May 21-June 21). You're even more intelligent than usual. You may feel pressed, however. Don't sweat the small stuff; have faith in yourself.

Cancer (June 22-July 22). Expect some kind of conflict between your friends and your money. Don't get peer pressured into busting your budget. A big bill may come due.

Leo (July 23-Aug. 22). An older person may turn down your request. Your friends think you can do no wrong, though. That's much better!

Virgo (Aug. 23-Sept. 22). You may be worried. Complications make travel difficult, but you can get there with friends' help.

Libra (Sept. 23-Oct. 23). Your friends will be important. Don't let them talk you into doing something you can't afford, however. No gambling, either.

Scorpio (Oct. 24-Nov. 21). Your career is important to you. A partner can help you advance. Work late, if necessary, to come to an agreement. Don't put any money down.

Sagittarius (Nov. 22-Dec. 21). Although you'd like to take the whole week off, you may have way too much work to do. Finish up the big stuff, and you might get away soon.

Capricorn (Dec. 22-Jan. 19). Romance looks good, except there's too much business to be done. Be nice even if you're interrupted by a loved one during important negotiations.

Aquarius (Jan. 20-Feb. 18). Relationships are not easy. Arguments are common, and nobody wants to give an inch. Something you fought about recently may even seem humorous.

Pisces (Feb. 19-March 20). You're going to be busy. If you don't know how to do the job, learn as fast as you can. Your home or somebody in it needs attention.

If You're Having a Birthday This Week: You're up against some tough competition. The stakes are high, but the prize is worth it.

Hospice Volunteers Needed

The Hospice Community Nurse Association is beginning a 24-hour training program for volunteers. Hospice is a comprehensive program of care in which physicians, nurses, counselors, and other professionals keep patients comfortable and alert at home while providing emotional and other support services to themselves and their family.

Hospice staff will present such subjects as basics of terminal care, death and dying, patient care, family concerns, bereavement and spiritual issues. The training is designed to help volunteers provide friendship, support, and practice assistance to terminally-ill patients and their families. Volunteers also provide much-needed indirect support by assisting in the office, in advisory capacities, fund-raising, and the like.

No commitment is requested until after completion of the training, and volunteers may donate as little as a few hours of their time each month to fit their personal schedules.
